Tyrone and Senta,

Thank you for an opportunity to write a letter on your behalf. It has been a pleasure working with both of you over the past few years. Here are a few words you may use on your website, as requested:

Northwest Infrastructure has enjoyed a successful working relationship with Bailey's Construction Unlimited since 2012. Bailey's has been a big help as a reliable subcontractor on Northwest's own projects as well as a tier sub for projects with ODOT. In a working relationship, communication is key. We could always count on Tyrone and Senta to be responsive and communicative. Tyrone understands this industry and has a goal to grow his business. At Northwest we understand that ambition and are delighted to be a part of the journey, working with small business owners such as Tyrone and seeing his successes both with us and as a result of his hard work and perseverance.

I hope this is what you're looking for. Let me know if there is anything further.
